Community Farmers Markets (CFM) is a non-profit organization based in Atlanta that provides access to locally-grown foods through a unique, four-tiered approach. This includes: distribution of locally-grown food at farmers markets, a general store booth, Fresh MARTA Markets, and the Crop Cycle, our mobile market; education about locally-grown food through outreach programming; financial incentives through the SNAP-matching program; and our vendor support program. Our mission is to develop a local food infrastructure for long term sustainability and meaningful community impact.

In 2021, we were excited to bring back in-person markets to continue to provide fresh local food to our customers. CFM co-operates the 7 Fresh MARTA Markets and hosts 6 weekly farmers markets: Grant Park, Ponce, Decatur, East Atlanta Village, and Oakhurst. CFM strives to offer an authentic safe space to shop for fresh local food, while providing a sustainable living for local farmers and small business owners.

Distribution of Local Food to Our Community
The primary way we fulfill our mission is through our farmers markets and food distribution. Markets provide a retail outlet for people around the city, regardless of their income, to procure farm-fresh food. In addition, our low vendor fees allow our farmers and vendors to profit as much as possible from our markets, without burdensome administrative costs. To bring our mission to even more people, we have a mobile bike cart, “Crop Cycle,” and with additional funding, will be expanding our general store and pop-up markets to low-access neighborhoods.

Capacity Building
As we enter our second decade, we are raising money to ensure long term sustainability, as stated in our mission. By building an operating reserve with the help of our donors, we create organizational health that will allow us to root, grow, and preserve a diverse local food culture in the years to come.

Educational Outreach
Educational programming is a significant aspect of our approach to create a more accessible local food landscape. Your support allows CFM to provide robust outreach programming. These programs are designed for all ages, with special emphasis on encouraging healthy eating habits in children and their families. In addition, our outreach team promotes our double SNAP program, where EBT-recipients can double the amount of produce ($5 = $10 worth of goods) at our markets.

### Focus Sponsorships

**$2,500 per market or $10,000 for all 6**

**Chef Series**  
After two years off, this popular program is back! Each farmers market features a cooking demonstration with a professional chef. This program educates shoppers on the delicious applications of ingredients both local and in season. The free samples are quite popular!

**Children and Family Market Activities**  
During COVID-19, CFM continues to provide opportunities for families to explore locally-grown food together. Our Harvest of the Week program provides families with one produce item, a recipe that teaches kids hands-on cooking skills, a guide to taste-testing new foods, and a $5 coupon for their next visit to a CFM market.
